

Potential Sewer Project Feedback Survey

1 Do you want city sewers installed in your neighborhood at this time?

I am in favor of the project moving forward

I am opposed to the project moving forward

I have no preference

I need more information, please contact me at: _____

Please explain why you are opposed to OR in favor of the project.

2 In general, do you favor the use of city sewers over private septic systems?

Yes

No

Why or Why Not?

3 With tie-in and if paid over 20 years, the monthly sewer assessment for this project is approximated at \$82.61. If you are opposed to the project due to financial concerns, what is a price range that would be more manageable for your household:

No more than \$75 per month

No more than \$50 per month

No more than \$25 per month

I favor city sewers, but I can't afford any amount

I just don't want sewers, regardless of price

4 Please indicate the most recent period of time that your septic system was maintained or evaluated to see that it was working properly?

- In the past 0 to 5 years
- In the past 5 to 10 years
- In the past 10 to 15 years
- More than 15 years/I don't know
- I recently upgraded my septic system in _____ (year)
- I last pumped my septic system in _____ (year)

5 Keeping you informed of the status of this potential project is very important to NPU. While direct mailings can be costly, they also can be worth the expense. How do you prefer to receive updates on the status of the project?

- Direct mail to your home
- Email - my email address is: _____
- NPUs Website (www.norwichpublicutilities.com)
- Newspaper ads in the Norwich Bulletin
- Other: _____

6 Do you have a home computer with internet access? Yes No

7 Do you have anything else you'd like to share with us?
